2011 EDITION

SEA DOO
THE GOOD LIFE JUST GOT BETTER™

THE FUN LASTS LONGER WHEN SAFETY IS IN THE DRIVER'S SEAT.

When you're the driver of a personal watercraft, you need to take the safety of your passengers personally.

As the "captain," you are not only responsible for adhering to the safety rules respecting personal watercraft use, but also for ensuring your passengers are wearing the appropriate protective equipment and riding gear.

First of all, you and your passengers are required to wear an approved personal flotation device (PFD) certified for use with a personal watercraft.

Also, a wetsuit and / or neoprene bottoms will provide adequate protection to the lower part of the body. You can suffer severe internal injuries if water is forced into a lower body cavity as a result of falling in the water or being near the jet thrust nozzle. Remember that normal swimwear cannot appropriately protect against forceful water entry.

Finally, extra protective equipment such as footwear, gloves and goggles is also recommended. **The fun lasts longer when safety is in the driver's seat.**

You can find all of these items at an authorized Sea-Doo dealer. As of March 2011, they will also be available online at store.sea-doo.com

When riding a Sea-Doo PWC, prudent riders captain their fun by leading the way and being safety smart!

The products in this catalog are available at authorized Sea-Doo dealers. As of March 2011, they will also be available online at store.sea-doo.com.

For advertising purposes, some scenes depicted in this brochure include professional riders and operators executing under ideal and/or controlled conditions. Do not attempt any of these or any other risky maneuvers if they're beyond your level of riding ability, as well as your understanding and respect for the performance of your Sea-Doo watercraft or sport boat. RIDE SMART FROM THE START. Always ride responsibly and safely. Follow all instructional and safety materials, BRP recommends a minimum operator age of 16 years old for riding a watercraft. Always wear appropriate protective clothing for your type of boating use, including a Coast Guard approved personal flotation device. Always remember that riding and alcohol/drugs don't mix. Operate your craft keeping a safe distance between yourself and others. Always observe applicable local laws and regulations. Because of its ongoing commitment to product quality and innovation, BRP reserves the right, at any time, to discontinue or change specifications, prices, designs, features, models or equipment without incurring any obligations. Some models depicted herein may include optional equipment. Prices are based on Manufacturer Suggested Retail Prices. Dealers may sell for a different price. Taxes not included. THE SEA-DOO ADVANCED TEC

THE COMPETITION WITH NEVER

Deluxe version shown with optional accessories

ADVANCED TEC™ iCATCH™ I

SO OVER AND ABOVE THE COMPETITION, IT CLEARLY PAYS TO HAVE THE BEST

- Innovative walk pad-guidance system allows you to conveniently walk around to access your PWC
- Easier to get off watercraft, in and out of water
- Improved visibility of trailer when underwater
- Doubles as an alignment guide
- Automatic iCatch and release system using a quick-snap handle built into the walk pad eases manipulation and process of loading and unloading watercraft
- Enables riders to spend less time on the ramp and more time riding
- Roller bunk system also simplifies unloading and loading
- Adjustable bunk system and catcher adapt to different types of Sea-Doo watercraft, and help properly position watercraft to improve handling while towing
- Custom frame design requires less water to load and unload watercraft
- Galvanized frame and rims for extended life weather conditions
- Torsion suspension system provides low ride height and better handling
- Available in both galvanized and black painted versions

SPECIFICATIONS

Overall length	13' 6"
Overall width	5' 10"
Width between walk pad ¹	4' 3"
Overall height (walk pad) ²	32"
Overall height (iCatch) ³	3' 3"
Coupler	2.0"
Approx. weight	360 lb
Carrying capacity	1,200 lb

See your dealer for details.

¹ Maximum PWC width ² Coupler on ground ³ Coupler on hitch at 16" above the ground

ADVANCED TEC I

THE WORKHORSE TRAILER FOR THE SMALLEST TO BIGGEST PWCs

- Standard with premium torsion suspension for smoother ride
- Innovative low-slung-designed frame eases loading
- Fully adjustable carpeted bunks (side-to-side/front-to-back) allows you to change bunk angles to fit all PWCs
- Adjustable winch post with non-marring bow rollers
- Sealed maintenance-free wheel bearings for added peace of mind
- Galvanized frame and rims for extended life in all weather conditions
- Available in both galvanized and black painted versions

SPECIFICATIONS

Overall length	13' 6"
Overall width	5' 10"
Width between fenders ¹	4' 7"
Overall height (fender) ²	23"
Overall height (winch) ³	31"
Coupler	2.0"
Approx. weight	260 lb
Carrying capacity	1,300 lb

See your dealer for details.

Note: Always secure the stern of the PWC to the trailer with tie-downs when trailering.

PWC TRAILERS SURPASS

SEEN BEFORE INDUSTRY FIRSTS

iCatch and release system is an entirely new concept eliminating the traditional winch and tackle process. It simplifies the launch and load procedure by grasping the bow eye of the PWC, securely locking it into position automatically. Works in conjunction with the walk pad guidance system.

Patent pending

Walk pad guidance system allows you to conveniently walk around to access your PWC. Doubles as a guidance system for a trouble free mooring process. Launch and load in seconds.

Premium **roller bunk system** allowing for smooth and resistance free PWC manipulation when launching and loading.

SYNTHETIC JET PUMP OIL

Helps maintain the life of your Sea-Doo watercraft jet pump.

293600011
\$13.99

OIL FILTER

Insist on an original only when servicing your vehicle. See your dealer for details.

CLEANING PRODUCTS

XPS SPRAY CLEANER & POLISH
Removes road grime, dirt, grease and bugs from land vehicles as well as scum lines and water marks from watercraft. Spray on then buff out, without water. When used as directed, it leaves a showroom shine that protects against sun damage, ozone damage and dirt accumulation. Works great on painted surfaces, fiberglass, chrome and plastics found on your watercraft, motorcycles, automobiles and more.
219701706 - 14 oz. (397 g)
\$9.99

XPS BOAT & PWC WASH & WAX
A green, high-grade wash'n'wax concentrate for use on any land vehicle or watercraft. Its high-sudsing action cleans and rinses without streaking or spotting. pH neutral, it contains no harsh builders or phosphates. Does not affect any known finish and leaves a bright, clear shine after rinsing. When used as directed, XPS Wash & Wax is biodegradable and non-toxic.
219701711 - 32 oz. (946 ml)
\$10.99

XPS ALL PURPOSE CLEANER
A green cleaner for plastics, fiberglass, metals, rubber, carpets and fabrics. Uses a surfactant-based formula to penetrate through dirt and grease to remove them from your finish. Simply spray on and rinse off. When used as directed, XPS All Purpose Cleaner is biodegradable and non-toxic.
219701709 - 32 oz. (946 ml)
\$8.49

XPS VINYL CLEANER
Restores and protects vinyl, rubber, plastics and leather. Its two-in-one formula leaves a transparent and water-repellent gloss coating that will beautify and recondition your vehicle's finish. Protects against UV rays that may otherwise dry and crack surfaces. Contains no silicone.
219701710 - 32 oz. (946 ml)
\$13.99

XPS MICROFIBER TOWELS
Made up of extremely fine fibres, their soft surfaces have been perfected for drying and polishing boats, motorcycles, cars or any shiny finish. XPS Microfiber Towels are so absorbent they hold up to seven times their weight in water. Machine washable means they can be used over and over again.
219701759 - Pack of 2
\$8.49

XPS PWC, ROADSTER & SNOWMOBILE QUICK FIX CLEANING AND DETAILING KIT

SIZING CHART

THESE CHARTS SHOW BODY MEASUREMENTS.
BE SURE TO MEASURE YOURSELF TO FIND THE ACCURATE SIZE.

HOW TO MEASURE

For best results, have someone else take measurements. Measure body in swimsuit or underwear. Tape must be snug but not tight. If measurements fall between two sizes, order the larger size.

HEIGHT

Stand with back straight, without shoes; measure from the top of the head to the floor.

CHEST

Measure under your arms, around the fullest part of your chest.

WAIST

Measure around your natural waistline, keeping one finger between the tape and body.

HIPS

Stand with legs together, measure around the fullest part of hips, ensuring the tape is level.
